No. 24/1/1-2/07-DE(S)Vol-III: Academic session is midway in the State and it is high time for students to give full concentration in their studies. However, it is found in some cases that students are indulging in some non-school activities which are not with the environment for their studies in schools. This is leading to a situation where the innocent students are not only losing on their academic opportunities, but this might also result in initiation of disciplinary actions against them.

It is, therefore, appealed to the Parents to also counsel and convince their wards about not participating in any activity unrelated with the school.

No. 24/1/1-2/07-DE(S)Vol-III:

Imphal the 19<sup>th</sup> August, 2017.

To,

All Principals/ Head Masters/ Head Mistresses,  
Government/ Government Aided/ Unaided Private Schools in the State.

**Subject: Maintenance of conducive environment for teaching-  
learning activities in schools.**

Sir/ Madam,

Academic session has already started and midway in the State. It is time for the students to give full concentration in their studies. Since the number of days for students to attend classes in Manipur is comparatively lesser than that of other States, the academic activities should not be disturbed as far as possible.

2. However, recently some cases of children being forced to indulge in non-academic activities are noted in and around schools. All Principals/ Head Masters/ Head Mistresses are, therefore, requested to ensure that their students do not participate in any activity other than school activities so that conducive environment for teaching and learning process is maintained in schools.

3. Concerned Principals/ Head Masters/ Head Mistresses will be held personally accountable for ensuring that none of their students participate in non-school activities.

Yours Sincerely

  
(Th. Kirankumar) 19/8/2017
