APPENDIX – I

General Procedure and Guidelines to be followed by the Departments in framing the Revised Estimates 2022-2023 and Budget Estimates 2023-2024

1. Estimates of Expenditure

The basis/ underlying presumptions for preparation of the estimates shall be as follows:

RE 2022-23/ BE 2023-24

- (a) Salaries & Wages: Salaries & Wages should be estimated based on level of government employment as on 30.09.2022. The additional expenditure to be incurred, if any, should be factored in.
- (b) Non-Salary Expenditure: Total RE 2022-23 proposed by a department should not exceed the BE 2022-23, after accounting for any additional allocation. The BE proposed for 2023-24 should not exceed the RE proposed for 2022-23, in view of the resource constraints. However, internal adjustments between various heads of account can be made. Actual RE/ BE will, however, be decided by Finance department after taking into account overall resource position.
- (c) Central Schemes: Regarding grants under Central Schemes, RE/ BE may be proposed based on expected receipts from Government of India (GoI), so that there is no difficulty in releasing funds.

2. The following measures should continue to be followed:

- (a) Departments should propose for re-appropriation of funds from other Heads subject to the following:
 - i. Re-appropriation of funds from Revenue to Capital (including Loans and Other) and vice-versa is not permitted.
 - ii. Re-appropriation from savings available under salaries for meeting any other expenditure is not permitted; and
- (b) No diversion of funds from the State share and funds allocated from State Development and State Share Corpus Funds is permitted.

3. The estimates of revenue receipts should be realistic and framed after critical scrutiny of the trends of past and current actuals, policy decisions and other relevant developments (FORM – III is meant for Revenue Receipts).

4. Precise and cogent explanations for major variations in estimates both between the Budget Estimates 2022-2023 and Revised Estimates 2022-2023, and between the Revised Estimates 2022-2023 and Budget Estimates 2023-2024 are to be provided.

5. For proposal under the Object Head code 50 – Other charges which are to be furnished as per ANNEXURE – I, Departments should first ensure that there is no other Object Head code existing for the purposes which are proposed for expenditure. The allocation under 50- Other charges for BE 2023-2024 should be proposed at the minimum possible and only for those items (to be clearly specified) for which no separate object codes exist. Sanction will not be agreed by Finance department for a proposal of object code 50- Other charges for a purpose for which a separate object code exists.

6. The estimates for civil works should be sent to the Chief Engineer of PWD for inclusion in the Department's Demands for Grants. The estimates for "New Works" which have received administrative approval should be arranged in order of priority. The Department concerned, while formulating Budget Estimates for their departmental building programme, should allocate sufficient amounts from the Developmental Expenditure. The Departments should also take into account the works which have already been taken up and are in progress. The ongoing works should be given "Priority".

7. The Demands for Grant relating to "Pension and other Retirement Benefits" will be prepared and compiled by the Director (Treasuries and Accounts) in consultation with the Office of the Accountant General, Manipur and forwarded to the Finance Department.

8. The Grants-in-aid/ contribution/ subsidies estimates should be shown distinctly (as there are separate object heads of expenditure for grant-in-aid contribution and subsidies). In the case of subsidies, the nature of subsidy, that is, whether it is for concessional rate of interest or price differential for meeting economic loss etc. should be clearly indicated. The detailed information regarding the subsidies may be furnished by the Department in the format in ANNEXURE – IV as a separate schedule to be attached in the budget as a part of Medium-Term Fiscal Policy. The detailed information regarding grant-in-aid contribution may be furnished in the format placed as ANNEXURE –II.

9. The estimates for Interest Payments, Internal Debt of the State Government, loans and advances from Central Government to be provided under Appropriation No. 2 – Interest Payment and Debt Services are to be prepared by the Under Secretary (Finance Commission) and furnished to the Budget Section.

10. Estimates for new items should be prepared in FORM–II. In regard to the new schemes/proposals under Committed Expenditure for which provision is included in the budget estimates for the first time, necessary information including basis together with the stage of the schemes, i.e., whether the schemes/proposals have been approved by the competent authority and number and date of reference sanctioning the schemes/proposals should be indicated. In the case of continuing schemes information regarding Developmental Expenditure ceiling, expenditure already incurred, the stage of the scheme and the reasons for delay in progress, if any, should invariably be mentioned in the budget proposals.

11. **While compiling the Developmental Estimates, special attention should be paid to the following aspects:-**

- a) There should be separate statements for (i) Central Sector Schemes (ii) Centrally Sponsored Schemes.

The Departments may furnish the details of Central Sector Schemes/ Centrally Sponsored Schemes (CSS) with amounts sanctioned by the respective Ministries of Government of India during the current year. The amounts so far authorized by Finance Department against Government of India Sanction should be clearly indicated in their Revised Estimates 2022-2023. Amounts likely to be sanctioned by GoI/funding agency during the course of the year but not yet received **may also be furnished to the Finance Department (FD)**. If figures of CSS are to be enhanced based on new information received from GoI, the matter may be communicated to FD by the **15th January, 2023**. The amounts so proposed may be based on the Department's proposal already submitted to GoI/funding agency or on the previous year's sanction in case of continuing Schemes.

- b) The matching share to be met from Developmental Expenditure, if any, should clearly indicate the head of account where the state share is to be provided within the approved outlay. **There should be a separate State Share HoA for each CSS.**

- c) It should be ensured that for Central Sector Schemes, the supporting documents i.e., the sanction order/approval of the concerned Ministry of the Government of India or NEC Secretariat as the case may be, should invariably be enclosed. Care should be taken not to miss the new heads of accounts opened during the year in respect of post budget developments.

- d) In respect of Developmental Expenditure, the number of Schemes should be identifiable under respective sub-heads corresponding to the Scheme or activity of the Department below the Minor Head concerned represented by the Programme undertaken to achieve the objectives of the function represented by the Major Head.

12. It is a mandatory requirement to indicate flow of funds to the local bodies in a separate ANNEXURE to the Budget documents. Accordingly, departments of RD & PR, MAHUD and TA & Hills will submit the details of flow of fund to local bodies in ANNEXURE-V.

13. Planning Department shall submit the list of allocation made from the Development Corpus and State Share Corpus while submitting the proposal for their Demand. The Corpus funds shall be exhausted before submission of proposal, as Excess Authorization is not possible in FY 2022-23 after RE 2022-23 is passed by the Legislative Assembly.

14. **Gender Budgeting:**

Gender Budgeting is a process of identifying gender specific barriers across all sectors of development. The process of budget planning and preparation provides a critical

opportunity to identify, prioritize and address gender concerns in all Departments. Addressing gender issues may require formulation of a specific scheme/ programme for women and girls. However, Departments may make existing schemes/ programmes more gender responsive. Each and every sector and Department has an impact on the lives of women and girls, and so each scheme/ programme should have a gender component. All Departments shall, therefore, prepare and submit a **Gender Budget Statement** in the prescribed format (ANNEXURE-VI). The Gender Budget Statement is to be prepared in two parts- Part A: reflecting schemes that are 100% targeted towards women and girls and all beneficiaries are women and girls. Part B: pro women and girl allocations- reflecting at least 30% allocations, including schemes in which 30 to 99% allocations are towards women and girls. A format for sex-disaggregated data under Gender Responsive Budgeting is enclosed to be filled up by departments as per the relevant schemes and projects implemented by them.

15. **TSP and SCSP**

The allocation by Departments under TSP and SCSP must be indicated in the prescribed format in ANNEXURE-VII. This should clearly indicate the funds earmarked in the Department's Demand for the Tribals and Scheduled Castes in the State. Detailed break-up should be provided.

16. **Allocation for Welfare of Children**

The Government is committed to the welfare and development of children under the age of 18 years. A statement reflecting the budgetary provisions of schemes that are substantially meant for the welfare of children is being introduced in the upcoming budget. The provisions in this statement indicate educational outlays, provisions for the girl child, health and provisions for child protection etc. The Departments shall submit the requisite information in the prescribed format (ANNEXURE-VIII).

Note- Apparently, Gender neutral programmes are not necessarily gender neutral in the impact they have, when seen through gender lens. Hence in sectors like Public Works Department/Engineering Departments, Home, Power, Telecom, Communications, Transport and Industry, etc an exercise may be undertaken to identify the possibility of undertaking initiatives/special measures to facilitate /improve access to services for women and their active participation in the decision making process at various levels.
